ZGA96-MSLED01-A @ 2m from the ground

Results recorded @1m from the ground

96 LED Array

Applications:

Mains or solar applications

Shelter lighting

Commercial and industrial applications

Internal or external lighting

Specification:

Model No.	ZGA96-MSLED01-A
Size	355 x 75 x 40mm
Weight	415g
Lifetime	>100,000 hours
Resistance level	IP67

The **96 LED Array** from Zeta is a versatile lighting solution, which is both lightweight and waterproof.

This LED array uses the latest patented LED technology, which eliminates point source glare and solves heating issues associated with LED lighting.

The tough and robust prismatic polycarbonate diffuser gives very efficient light radiation and is totally waterproof (IP67).

It has either mains or solar power configuration and power consumption of 3W (solar).
