

G24 COB Lamp

Applications:

Retrofit for 2 pin PL lamp Hall
and corridor lighting Office
lighting
Internal downlighting

Options:

Colour temperature selection – CW,NW,WW
6W,7W,10W

Specification:

Max Power	6W	7W	10W
Driver	Internal 24V		
Mains input	240AC +/- 6%		
Colour temp.	3000, 5200, 6500		
Illumination angle	160° (adjustable)		
Lux at 2m	75 Lux	95 Lux	105 Lux
Life	>40,000 hours		
Operating temp.	-40 – +60°C		

The latest LED from the Zeta 2011 array range, the **G24 COB Lamp**, is a retrofit LED replacement for the traditional compact fluorescent PL lamps from 12 – 20W.

Using the Zeta array technology for ultimate efficiency Zeta have created an easy retrofit LED lamp that can instantly cut energy and maintenance costs by more than 50%.

The combination of the array technology and intelligent heat sinking design allows Zeta LED products to outperform other LED offerings for longer – tested to 39,500 hours to 75% of the initial output.
