Colour	WW,NW,DW,CW
Input voltage	AC220/110V
Viewing angle	120°
Operating temperature	-20°C – +50°C
Lifetime	>40,000 (minimal degradation)

Zeta **LED tubes** are designed to directly replace traditional fluorescent tubes that are energy intensive, unreliable and contribute largely to carbon emissions.

LED Tubes can act as an easy measure to quickly reduce energy consumption and carbon emissions. Savings of a minimum 50% with a life time of up to 12 years can help to reduce not only annual electricity bills but lifetime maintenance and replacement costs.
