

Zd Lamp

Applications:

Bulk head lighting
Hall and corridor lighting
Internal and external
2D replacement

Options:

Microwave sensor
Triac dimmable
Emergency

Specification:

Max power	20W	30W	60W
Input voltage	240V	240V	240V
Output voltage	24V	24V	24V
Power factor	0.95	0.95	0.95
Lumens	1300	1950	3900
CCT	3000 – 6500K		
Life	39,500 hours (75% degradation)		
Ambient operating temperature	40°C	40°C	40°C
Angle	120°	120°	120°
Size (mm)	190 x 190 x 9	190 x 190 x 20	190 x 190 x 40

The new energy efficient LED 2D lamp 'Zd Lamp' from Zeta is a retrofit or complete luminaire replacement for traditional fluorescent 2D lamps

Using the latest patented LED lighting technology, Zeta have created a product that eliminates point source glare and solves heating issues associated with LED lighting in an IP rated housing.

Offering major energy consumption reductions combined with much reduced maintenance costs for replacement; the Zd lamp has a maximum power consumption of 16W and can be set to a lighting level by the customer to ensure maximum energy savings yet still achieve the desired lighting levels.

Combine the latest LED technology with the latest microwave sensor technology and savings can increase up to 8 fold by operating the unit only when it is needed.

Now Available in High Power 30W and 60W to replace 26W and 58W 2d Lamps. Ask for Light Engine Design Advice.
