The **Zeta MR16 LED Lamp** is a dimmable high output LED spot light.

The new **Zeta MR16 LED Lamp** is the perfect alternative to equivalent 50W Halogen bulbs.

Using up to 70% less energy, the **Zeta GU10 Lamp** ensures reliable operation and energy efficient lighting.

Ideal for residential and commercial use such as bars, restaurants, retail displays, kitchens, hallways or wherever bright, strong, instant light is required.
